PART - IV. 1227-29

RESOLUTION No.35.- Regarding revision of Duty, Local and other allowances.

The non-official witnesses who appeared before the Committee have unanimously criticised the system of giving salaried officers various kinds of allowances such as personal, duty, local, house rent and carriage allowances and they have with one voice suggested that these several allowances should immediately cease, an exception being permitted only in the case of low paid officials stationed in the Malnad and other specially unhealthy tracts.

Some of the witnesses have also pressed for a percentage reduction in the salaries of officers drawing Rs.500 and upwards, as a measure of economy in the present financial stress.

2. The Committee has already recommended a revision in the scale of salaries of officers of and above the grades of Deputy Commissioners.

3. The Committee has perused the standing orders regulating the grant of the allowances and closely scrutinised the lists of offices to which allowances are attached, as given in the Government Orders commencing with Fl.No.6723-72/S.&.A. 160-19-1 dated 24th March 1920 and in the latest Civil List. Having examined the question in all its bearings and the requirements of each case, the Committee submits the following remarks and recommendations for the consideration and acceptance of Government.

(i) The pay or salary of an officer should be held to have been fixed on a consideration of the nature of his duties and of the expensiveness of duty or of the locality in which he is to reside or work. And as a rule no claim for separate duty or local allowances should be admitted either for the ardousness of such work. The cases in which such

allowances in addition to pay are necessary should be very few. The Committee is strongly opposed to the grant of several duty and local allowances to the same officer.

(ii) The local allowances now granted to officers stationed in the Malnad and other unhealthy tracts may be continued, and except in a few cases indicated below, (vide Tables 1 to 4) the amount of the allowances now sanctioned is not susceptible of reduction.

Allowances sanctioned to subordinate officials and menials in the Malnad and other particularly unhealthy tracts do not bear cutting down.

(iii) The Kolar Gold Fields can no longer be considered a specially expensive locality such as to justify the grant of special local allowance to officers and officials on pay exceeding Rs.50 employed in that area (including Bowringpet) and the Committee is of opinion that they should all be withdrawn. Article 112 of the Mysore Account Code, Vol-1. may be modified accordingly. The special allowances granted in the Police reorganisation order of 10th May 1918 may continue in respect of the low paid staff viz., those on pay not more than Rs.50, the allowances to the rest being cut out.

(iv) As regards duty allowance for arduousness of work or additional charge local allowance for expensiveness of duty, carriage allowance, house rent allowance, etc., the case of each officer or class of officers has been duly considered on the merits, and the committee after a careful review has come to the conclusion that considerable economies are possible here as indicated in the annexed Tables VI.

4. The subjoined Tables 1 to VI show in detail, the several cases in which allowances are sanctioned to officers at present, the Committee's suggestions

with brief reasons therefor and the amount of saving possible. If the Committee's recommendations are approved and brought into effect there will be an immediate reduction of about a lakh of rupees per annum in the State expenditure.

5. The Committee does not think that any general exemption need be made in favour of existing incumbent of offices whose allowances are proposed to be reduced or withdrawn; and the proposals relating to duty allowance in committee's resolution No.3 will so far as they are affected by the above opinion stand modified. If, owing to any exceptional reason, such as difficulties of transfer of officers, etc., there is undue hardship caused in any individual case, the present rate of allowance may be continued till change of incumbency. Such exceptional cases should, however, be very few.

N O T E.

4

A

The Special Finance Committee recommend a revision of the Government Order No. Finl. 6723-72/S.& A. 160-19-1 dated 24th March 1920 issuing rules regulating the grant of duty, local and Malnad allowances. They have also considered in detail the cases of - nearly all the officers who are at present in receipt of allowances and recommend ~~xxrxxxxxxxx~~ a reduction in their emoluments resulting in a total saving of Rs. 1,00,000 per annum.

2. In their general remarks regarding the grant of these allowances, the Special Finance Committee make certain observations which may be summarised as follows:-

(i) That the pay or salary of an officer should be held to have been fixed on a consideration of the nature of the duties and of the expensiveness of duty or of the locality in which he has to reside or work and as a rule no special claim for allowances on the ground of arduousness of duty or expensiveness of the locality should be admitted.

(ii) That the grant of several duty and local allowances to the same officer should not be permitted

(iii) That the allowances granted to officers at Kolar Gold Fields should be withdrawn.

(iv) That any orders that Government might issue in the reduction of allowances need not exempt existing officers.

2. I have always been of opinion that the grant of allowances to officers in Mysore with a view to increase their emoluments ~~in Mysore~~ has not followed any definite principle. In his note on the Departmental Settlements, Mr. Datta states "that the British Indian model on which the

general administration of the State has been based is seriously departed from in the grant of allowances in Mysore". He suggested that the question of these allowances should be gone into and readjusted at least in regard to future incumbents. When I was officiating in July 1919, I had a list of the allow--ances then drawn by the Officers prepared by the Financial Secretary and minuted as follows:-

B+

"The list is a formidable one and I think will put to shame any such list in any other Government.' The total cost comes to several thousands of rupees per mensem. I propose to discuss the question in Council with a view to revise the situation and bring the cases under some general rules if possible. Please circulate and bring up at a meeting of the Council

3. The question was discussed at several meetings of the Council and at a meeting held on 10th July 1919 the following resolution was passed:-

In regard to allowances for special localities those relating to Malnad and Kolar Gold Fields may be retained. The rates of such allowances might be revised so as to be uniform and based on some principle.

"In all other cases local allowances may be abolished and pay revised according to arduousness of duty.

"A Special Committee consisting of a Member of Council, the Chief Secretary and the Financial Secretary may be appointed to examine all the cases and formulate specific proposals"

4. In pursuance of this resolution which was graciously approved by His Highness a Committee was appointed under the Chairmanship of the then Third Member

of Council, Mr. K.R. Srinivasa Iyengar to submit detailed proposals. In their recommendations to Government, the Committee, however, went behind the the fundamental principles enunciated in the Council Resolution and stated that they were not in favour of abolishing all local allowances except those granted for, special localities and suitably revising the pay of the officers. They were of opinion that it would entail a permanent increase in the cost and pension charges if the pay of the officers were to be revised in accordance with the arduousness of duty and recommended the continuance of the grant of allowances on account of expensiveness of duty, unhealthiness of locality etc., as in British India. These recommendations of the Committee were accepted by Government and were embodied in the Government order under advertance.

5. One of the main recommendations of the Special Finance Committee as stated above, is that the pay of an Officer should be considered to have been fixed with reference to all his environments and conditions of work. But in their detailed recommendations in regard to the grant of allowance they have allowed various considerations such as additional charge, responsible charge, expensiveness of locality, unhealthiness of locality etc., to influence them in recommending the continuance of allowances to officers in receipt of them at present.

6. In the Council resolution of the 10th July 1919, it is recommended that allowances should be restricted to the case of special localities and that all other local allowances should be abolished the pay of the appointment being revised in accord-

accordance with the arduousness of duty. I still adhere to the opinion expressed in this resolution but in view of the fact that the salaries in several departments should have to be revised as soon as our finances improve, I am of opinion that the present system of granting allowances may be continued with the restrictions I note below:-

(1) The grant of allowances must always be regarded as very exceptional, and no allowance should be given for appointments which have definite rates of pay attached to them. Allowances should only be permitted in the case of officers drawn from a general cadre and posted for special appointments involving heavy work not usually imposed on officers of that class as a rule.

7. I fully endorse the opinion of the Special Finance Committee that the grant of several duty and local allowances to the same officer should not be permitted. I may, however, point out that instances in which this rule has been infringed are largely due to the arbitrary classifications of existing allowances adopted by the Committee on whose recommendations the Government Order of the 24th March 1920 is based.

8. The allowances granted to the officers on the Staff of His Highness, the Private Secretary to the Dewan, the Private Secretary to His Highness the Yuvaraja, were divided under two heads "duty and local allowances" giving room for the objection that that several allowances were granted to the same officer. It seems to me that the allowances granted to officers of this type are granted on a consideration of all circumstances connected with their duties and could not be arbitrarily classified under

Several heads. I think this is not also done in British India. It would therefore be best to revert to the old practice of granting consolidated allowances to such officers so as to avoid the ~~grant~~ grant of several allowances to one and the same officer.

Vide Art. 83 of the Civil service Regulations the Private secretary to the Hon'ble Governor gets a consolidated allowance of Rs.350.

9. The Council have already considered the question of the Kolar Gold Fields allowances and submitted recommendations to His Highness abolishing the allowances in the case of future incumbents and reducing them by one half in the case of officers ~~holding~~ drawing them at present with the exception of those working in the Mining Department.

Separately submitted

10. In regard to the suggestion that any retrenchments effected by Government need not exempt officers at present in receipt of allowances, the recommendations made in the case of Kolar allowances has adopted the principle of reducing the allowances at once by 50%. The other cases may be considered on their merits.

11. I now proceed to discuss in detail the statement submitted by the Special Finance Committee with their recommendations in regard to the reduction of allowances drawn at present.

(1) Malnad allowances. The Committee suggest a reduction of Rs. 125 per mensem under this head. They recommend that the allowances of Rs. 50/- per month drawn by the Coffee Inspectors (Police Department) of Mudgere, Koppa and Manjarabad be reduced by one half and that the allowance of Rs. 50 each drawn by the Assistant Surgeons of Manjarabad and Sagar be also reduced by one half. In regard to the Coffee Inspectors, it may be pointed

G.O.No 4345-6 + E
Pol 26-19-2 - dt 21.8.19.

out that Government have issued orders directing that the allowance of Rs. 50 should be regarded as consisting ~~of~~ the horse allowance of Rs. 25 and Malnad allowance of Rs. 25. I do not therefore see how any reduction can be effected. The suggestion for the reduction of the allowance by Rs. 25 in the case of the Assistant Surgeons in Manjarabad and Sagar is made on the ground that the towns are not specially unhealthy. It should however be pointed out that the Amildars of this place get an allowance of Rs. 50 per month and the Committee make no reduction in regard to them. It does not seem to me ~~that it is~~ to be worthwhile reducing these allowances also. It is necessary in the public interest that the emoluments of the Officers in the Malnad should not be reduced.

(ii) Semi Malnad Allowances. The Committee suggest a reduction of only Rs. 25 under this head. This relates to the appointment of the Deputy Amildar of Kumsi. ~~The allowance is~~ which is proposed to be abolished. As Government have already passed orders in regard to this matter. there is no need to consider the question further.

(iii) Krishnarajasagara Allowances. Under this head the Committee recommend that the tentage of Rs. 35 granted to the Special Land Acquisition Officer may be abolished. They also suggest that the fixed travelling allowance of Rs. ~~200~~ 100 drawn by him may be abolished, and the Officer may be entitled to draw travelling allowances under the usual rules.

Tentage is drawn by Officers of the Survey Department "to enable them to provide themselves with tents required for their use on tour" (Art. 569 MSR) The Land Acquisition Officer is an Officer of the Survey Department and I do not see how he can be

S+A 7-22 10

deprived of the tentage allowed to him under the rules to enable him to provide himself with a tent. This allowance was sanctioned when this appointment was created. +G.

In regard to the other suggestion that the fixed travelling allowance may be abolished, this may perhaps be agreed to. The Committee suggest that separate recommendations will be made by them for the abolition of this appointment. This may be dealt with when the recommendation is received.

The other recommendations under this head made by the Committee are (i) reduction of the allowance from Rs. 50 to Rs. 30 in the case of the Accountant of the Land Acquisition Office and (ii) reduction of the allowance of the Assistant Surgeon from Rs. 100 to Rs. 50. The recommendation in regard to the Accountant may be accepted as it is proposed to give him 30% of the pay not exceeding Rs. 30, which is the general rule adopted in regard to the ministerial offices in Krishnarajasagara. The allowance of the Assistant Surgeon has already been reduced to Rs. 50 and ordered to be given effect to on change of the present incumbent.

Out of a reduction of Rs. 145 recommended by the Committee under this head, I approve of a reduction of Rs. 70 per month.

(IV) Allowances granted to officers residing in Hiriyur and other unhealthy tracts. The Committee recommend a reduction of Rs. 75 under this head, Rs. 25 being in the case of the Assistant Surgeon, Sivasamudram, reducing his allowance from Rs. 100 to Rs. 75 and in the case of the Assistant Surgeon Benkipur in whose case they recommend the entire abolition of the allowance of Rs. 50 now drawn by him. Government have already passed orders granting an + I and J

allowance of Rs. 50 to each of the Assistant Surgeons so that the ~~and~~ reduction made under this head is Rs. 50 per month.

(V) Kolar Gold Fields Allowances. Government have already passed orders in regard to the recommendations made by the Committee under this thead. The total amount recommended to be retrenched by the Committee is Rs. 1,300. Government have ordered a retrenchment of Rs. 875 per mensem of which one half will be ~~effects~~ effected immediately and the other half on change of the present officers. Government have also approved of the recommendations of the Committee withdrawing the allowances drawn by School masters and others in receipt of pay in excess of Rs. 50.

(VI) Duty and Local Allowances:-

General and Revenue Secretariat. The Committee recommend a reduction of Rs. 50 in the allowance of the Revenue Secretary and the abolition of the post of the General Secretary. Orders are in course of issue retaining three Secretaries to Government in the Secretariat. The question of allowances ~~need not now be considered.~~ may be considered

The Committee recommend the abolition of the two duty allowances amounting in all to Rs 200 drawn by the Assistant Secretaries, Education and Agriculture and Industries & Commerce. These allowances are granted to these officers for discharging the duties connected with the Central Boards of the Economic Conference. They have however been abolished in the orders revising the establishment of the Economic Conference.

The other recommendations of the Committee under this head consist of the reduction of Rs. 50 in the allowance granted to the Private Secretary to the Dewan, Rs. 25 to the Personal Assistant to His Highne

Duty allowances. Highness the Yuvaraja and Rs. 30 each in the case of the Personal Assistants to the Members of Council. In regard to the Private Secretary to the Dewan, they suggest that only local allowance of Rs. 75 may be granted and that no separate duty allowance is necessary. I have already observed that in the case of officers of this class, it was only one consolidated allowance that was given originally. That was an allowance of Rs. 100 which was split up by the Committee appointed in accordance with the Council resolution of July 1919. It seems to me that the original practice may be reverted to and that the allowance of the Private Secretary may be fixed either at Rs. 125 or at Rs. 100. The same may perhaps be done in the case of the allowance to the Personal Assistant to His Highness the Yuvaraja of Mysore, the allowance being retained at its present figure, Rs. 100. I have no suggestions to make in regard to the allowances granted to the Personal Assistants to the Members of Council.

The total amount recommended to be retrenched under this head is Rs. 515. The amount accepted by me is Rs. 200.

(VII) Revenue Department. The Committee recommend the abolition of the duty allowances drawn by the Revenue Commissioner. Orders of Government have already been passed in the matter to the effect that the allowance should be abolished on change of the incumbent. The Committee also suggest that the duty allowance of Rs. 50/- each drawn by the Amildars of Bangalore and Mysore should be abolished. It seems to me that the Amildars of these head-quarter towns have far heavier work which is of a more diversified character than that discharged by officers of this class as a

Duty allowances. Highness the Yuvaraja and Rs. 80 each in the case of the Personal Assistants to the Members of Council. In regard to the Private Secretary to the Dewan, they suggest that only local allowance of Rs. 75 may be granted and that no separate duty allowance is necessary. I have already observed that in the case of officers of this class, it was only one consolidated allowance that was given originally. That was an allowance of Rs. 100 which was split up by the Committee appointed in accordance with the Council resolution of July 1919. It seems to me that the original practice may be reverted to and that the allowance of the Private Secretary may be fixed either at Rs. 125 or at Rs. 100. The same may perhaps be done in the case of the allowance to the Personal Assistant to His Highness the Yuvaraj of Mysore, the allowance being retained at its present figure, Rs. 100. I have no suggestions to make in regard to the allowances granted to the Personal Assistants to the Members of Council.

The total amount recommended to be retrenched under this head is Rs. 515. The amount accepted by me is Rs. 200.

(VIII) Revenue Department. The Committee recommend the abolition of the duty allowances drawn by the Revenue Commissioner. Orders of Government have already been passed in the matter to the effect that the allowance should be abolished on change of the incumbent. The Committee also suggest that the duty allowance of Rs. 50/- each drawn by the Amildars of Bangalore and Mysore should be abolished. It seems to me that the Amildars of these head-quarter towns have far heavier work which is of a more diversified character than that discharged by officers of this class as a

as a rule. I would not therefore abolish these allowances.

(VIII) Forest Department. The Committee recommend the reduction of the duty allowance of Rs. 50 drawn by the District Forest Officers of Tarikere and Bhadravati Forest Surveys and the Working Plan Officer. The allowances granted to the Officer in charge of Surveys and the Working Plan Officer may be abolished and the others retained in view of the specially arduous -- nature of work.

The allowance of Rs. 70/- drawn by the Officer in charge of the Forest School(and the Instructor in Forest School, Rs. 20) will cease as the school is ordered to be closed.

(IX) Excise Department. The Committee recommend the abolition of the allowance of Rs. 200 drawn by the Excise Commissioner. This was granted in view of the extra work involving on this officer as Commissioner of Income Tax. As Government have already passed orders abolishing the duty allowance of the Revenue Commissioner, this allowance may perhaps be abolished also as the work of the Excise Commissioner (including Income Tax work) cannot be considered to be heavier than that of the Revenue Commissioner. This order may also take effect on a change of incumbency.

(X) Staff and Household of His Highness. The Committee recommend that of the 2 allowances (duty and local) of Rs. 100 each drawn by the Assistant Secretary to His Highness, the duty allowance might be cut out. I have already observed that in the case of these Staff appointments, the consolidated allowance originally granted may be restored. In this case the original consolidated allowance was Rs. 200.

(41) Accounts Department. The Committee recommend that the duty allowance of Rs. 100 granted to the -Huzur Treasury Officer may be reduced to Rs. 50 This was recently granted. I agree to the reduction.

The Committee suggest that the allowance of Rs. 50 each granted to the Assistant Comptrollers in charge of local audit, Public Works Inspection Book and Budget may be abolished. I agree as officers drawn from the general cadre of Assistant Commissioners are proposed to be given a duty allowance of Rs. 50 and in the case of Assistant Comptrollers promoted from the subordinate ranks of the Comptroller's office, it must be presumed that the pay fixed for the appointment is adequate.

The Senior Assistant Auditor in the Office of the Railway Auditor draws a duty allowance of Rs. 50 and an examination allowance of Rs. 50. The examination allowance was originally granted in G.O. No. 3L 1663 - G & 13 - 12 - 9 dated 17th September 1913. As every Assistant Comptroller should qualify himself by passing all the tests required for the Accounts Department, this allowance need not be continued. The duty allowance may be continued.

An allowance of Rs. 50 each is given to the Assistant Comptrollers under training. This allowance is sanctioned under orders of Government dated 9th ~~February~~ April 1916 under which every fully qualified Assistant Commissioner draws a local allowance of Rs. 50 when posted to the Comptroller's Office This order should be modified so that the duty allowance may be given only to officers who are entrusted with responsible work and are not merely under training. I have passed orders to the above effect

(42) Police Department The Committee recommend the

abolition of the duty allowance of Rs. 50 drawn by the Principal, Police Training School. This allowance will go as the school is ~~proposed~~ proposed to be restricted in scope.

(iii) University. The Committee recommend that the Conveyance allowance of Rs. 100 granted to the Vice Chancellor may be abolished. This allowance forms one of the terms of the appointment offered to Dr. Seal under the orders of His Highness and it cannot therefore be abolished.

They suggest that the duty allowance of Rs. 200 each sanctioned to the Principals of the -- Colleges at Mysore and Bangalore may be reduced to Rs. 100 each. This was sanctioned in the order adapting the colleges to the new University Regulations passed on the 30th March 1908. It is for consideration whether it may be reduced.

They also propose that the duty allowance of Rs. 100 sanctioned to the Principal of the Engineering College may also be abolished. This may perhaps be given effect to.

They recommend that the allowance of Rs. 100 granted to Mr. N.N. Iyengar, Technical Assistant to the Chief Electrical Engineer may be reduced by Rs. 25. This Officer is given the allowance for part time work as Professor of Electrical Engineering in the Engineering College. It would appear that he has about three hours work in a week. The allowance may therefore be reduced.

In regard to the Curator, Mr. Shama Shastry Government have recently passed orders fixing his allowance at Rs. 100 and no further reduction need be made.

The Committee have suggested that the --

allowance of Rs. 75 drawn by the officers of the Public Works Department and other departments working in the University may be withdrawn. This allowance had been sanctioned tentatively until the question of the terms of the loan of officers from the Public Works and other Departments was settled in the reorganisation order of the Public Works Department. This question is separately under consideration and this allowance might be continued until final orders are issued.

(v) Education Department. The Committee recommend that the allowance of Rs. 75/- drawn by Mr. M. Venkatakrishna Rao, Technical Assistant to the Inspector General of Education may be abolished This allowance was specially sanctioned to Mr. M. Venkatakrishna Rao in view of the peculiar circumstances of his appointment and should, I am afraid, be continued until he is given a chance of sitting for the departmental examination in the Public Works Department. This question will also come up for consideration in connection with the Reserve Staff proposed to be provided in the Public Works Department for lending officers to other departments.

The Committee recommend the abolition of the allowance of Rs. 50 granted to the Special Officer, Compulsory Education. This may be cut down and the pay of the appointment may be suitably revised if necessary.

The recommendation in regard to the abolition of the duty allowance to the Head Master, Engineering School and Secretary, Chamarajendra Technical Institute, Mysore, has already been accepted as the School has been transferred from Mysore to Bangalore from the 1st instt.

(xv) Medical Department. The recommendation of the Committee for the abolition of the separate duty allowance granted to the District Medical Officers for doing Sanitary work has already been accepted. Government have already passed orders in regard to the ~~xxx~~ "X Ray allowance"

The allowance of Rs. 120 granted to the Medical Officer in charge of the Head Quarters Establishment has been reduced to Rs. 50.

The Committee propose the reduction of the duty allowance of Rs. 50 granted to the Medical Officer, Imperial Lancers. This was specially sanctioned by Government in accordance with the recommendations of the Senior Surgeon and may perhaps be allowed to continue.

The Committee recommend that ~~xxx~~ an allowance of Rs. 50 only may be given to the Medical Officers on Palace Duty. I have already suggested that this allowance should not be split up and Government have already passed orders declining to consider any reduction in this case.

The suggestion for the abolition of the sex allowance has already been accepted in the case of future ~~xxxx~~ appointments.

(xvi) Industries and Commerce Department. The Committee suggest that the duty allowance granted to the Secretary to the Board of Scientific Advice may be done away with. Orders are in course of issue continuing these allowances in view of the increased work proposed to be given to the Secre-~~xxxx~~ tary

(xvii) Gardens. Department. It is proposed that the allowance of Rs. 75 granted to Mr. Krumbiegel may be abolished. This was specially sanctioned by

Government in their order dated 27th September 1912 ~~and manner perhaps be abolished now.~~ but See No 18 with Connexure

(xviii) Public Works Department. It is proposed that the allowance of Rs. 150 granted to the Deputy Chief Engineer may be abolished. This will go on the abolition of the appointment.

The special allowance granted to the Assistant Engineer, Krishnarajasagara section of Rs. 100 is recommended to be withdrawn. I agree.

The Committee recommend that the allowance of Rs. 150 given to the Executive Engineer, Bhadravati and Rs. 50 to the Executive Engineer, Bhadra Anicut may be withdrawn. In view of the arduous nature of the work entrusted to these officers, ~~this~~ I do not think it is advisable to withdraw these allowances.

The recommendation in regard to the withdrawal of the allowances amounting to Rs. 320 drawn by Officers in charge of the Marahmat Department will be given effect to as a result of the orders passed on the reorganisation of the P.W. Department.

It is proposed also that the allowance of Rs. 50 drawn by the Assistant Engineer in charge of the Muzrai Department may be withdrawn. It is a matter for consideration whether it is necessary to attach any Assistant Engineer to this Department at all. This question may be taken up in consultation with the Revenue Commissioner to whom the Muzrai work is proposed to be given in the orders on the Muzrai Department.

The Committee suggest that the duty allowance of Rs. 100 drawn by the Executive Engineer, Palace, may be abolished. Yes the allowance is paid by the Palace and no reduction need be made. when the necessity arises

It is proposed that the allowance of Rs. 50

drawn by the Chief Officer, Mysore City Improvement and Rs. 100 drawn by the Executive Engineer City Improvement Trust Board, Mysore, may be withdrawn as the grants to the City Improvement Trust will be considerably reduced. Perhaps the allowances of the Executive Engineer may be reduced from Rs. 100 to Rs. 50.

(xx) Electrical Department. The Committee recommend that the duty allowance of Rs. 100 drawn by the Assistant Engineer (250-400) in the Electrical Department may be abolished. They consider that this appointment itself is unnecessary. The duty allowance may be abolished and the need for the retention of this appointment investigated separately. They also recommend that the conveyance allowance drawn by the Assistant to the Chief Electrical Engineer and other officers of this department may be withdrawn. The pay of the officers of this department was recently revised and I think that all these conveyance allowances may be withdrawn.

(xx) Railway Department. It is proposed that the duty allowance of Rs. 50 drawn by the Assistant Agent to the Traffic Manager may be withdrawn. These officers are doing work at the head quarters and their allowances may perhaps be retained on the analogy of allowances given to officers working at Head-quarters in other departments. The Committee recommend the withdrawal of the construction allowance given to the Engineering Officers in the Railway Department. These allowances were first sanctioned temporarily

in 1914 and Government have recently passed orders that all allowances in the Railway Department should be withdrawn except in cases in which they might be specially sanctioned on account of unhealthiness or costliness of living (G.O. dated 29th January 1921). As all construction work has practically stopped these allowances may be abolished.

(xvi) Military Department. It is recommended that th allowance of Rs. 100 drawn by the Personal Assistant to the Chief Commandant and Rs. 150 by the Accounts Assistant may be reduced to Rs. 50 and Rs. 100 respectively. I agree to this proposa l.

(xvii) Government Stables. The Committee suggest that out of the 2 allowances (house rent of Rs. 30 and duty allowance of Rs. 50) given to the Superintendent, the house rent may be abolished. The records relating to the grant of this allowance to Mr. Ramble go to show that the house rent was one of the easements offered to him at the time of his first appointment under the Government in April 1910. It will not therefore be possible to withdraw this allowance.

(xviii) Miscellaneous. The Committee suggest that the allowances sanctioned under Government Order dated 24th March 1920 for the ministerial establishments in receipt of pay in excess of Rs. 50 may be withdrawn. Effect has been given to this order already in the case of allowances drawn within the Kolar Gold Fields. I have no objection to the new allowances being withdrawn in other localities such as, for instance, Davanagere etc.

The total amount recommended to be saved

under this head by the Committee is about Rs. 96,880. In accordance with the tentative proposals made by me the total savings are likely to amount to Rs. ~~35,360~~ 63,760 as per list attached to this note.

List will be attached before forwarding the file to the Chief Secy.

List is now attached.

The points for consideration on the recommendations of the Committee on this subject are as follows

(i) Whether the general principles enunciated by me in paragraphs 6, 7, 8, 9 & 10 may be adopted.

(ii) Which of the several allowances recommended to be witharawn by the Committee in detail may be abolished

(iii) Whether the abolition may take effect immediately or on change of incumbents.

I have given my proposals in detail as against each recommendation.

May be recommended

Seen. A few suggestions are offered, with regard to --- officers connected with the Military Department, ~~and the present~~ staff.

The Committee propose to reduce the allowance of the Personal Assistant to the Chief Commandant from Rs.100 to Rs.50. It is seen that the assistants to the other Heads of Departments draw only Rs.50; but the nature of their duties is different from those of the Personal Assistant to the Chief Commandant. The latter has to frequently inspect the lines of the units stationed in Bangalore, pay frequent visits to the Military Stores, of -- which he has the direct charge, and visit the British Brigade - office now and then for collecting necessary information or to meet British Officers. The work of this Assistant in the office cannot also be considered light at all, specially after the transfer of the Kunigal Stud Farm and the Military grass farms to the control of the Chief Commandant, and in addition to this, he has the outdoor work, outlined above which necessitates his keeping a conveyance to move from place to place. He has also to maintain a certain position in life as he has to come in contact with British Officers. The allowance may therefore be fixed at Rs.75/- at least in his case.

The allowance of the Account Assistant may be cut down by Rs.50/- as proposed by the Dewan.

The house rent sanctioned to Mr. Ramble may be continued under the circumstances stated by the Dewan.

PROCEEDINGS OF THE COUNCIL OF HIS HIGHNESS THE MAHARAJA AT THE 628th MEETING HELD AT BANGALORE ON THURSDAY THE 14th SEPTEMBER 1922.

---:0:---

77. Subject. - Clause V of the schedule.

Recommendations of the Special Finance Committee in regard to Duty, Local and other allowances.

OPINION OF THE COUNCIL.

The recommendations of the Committee may be accepted with the following modifications:--

I. Malnad allowances.

5 & 14.	Assistant Surgeons, Sagar and Hanjarabad.	No reduction.
8, 9 & 13.	Coffee Inspectors	No reduction. The allowance should be shown as Rs.25/- malnad allowance and Rs.25/- local allowance. (Item?)

II. Semi-Malnad allowances.

4.	Deputy Amildar, Kunni .	Allowance to be continued as abolition of Kue Taluk is pending orders.

III. Krishnaraja Sagara Allowances.

1.	Special Land Acquisition Officer.	Reduction of tentage not possible so long as the post is held by a Survey Officer.
4 to 8.	Engineer Officers.	No change.

IV. Hiriyur & other unhealthy places.

4.	Assistant Surgeon, Honkipur...	Allowance to be continued.
5.	-- Do. -- Sivasamudram..	Orders already passed reducing the allowance to Rs.50/-.

V. Kolar Gold Field Allowances.

Orders already passed.

2. 4247-??

VI. DUTY ALLOWANCES.

Secretariat.

1 & 2.	Revenue Secretary, General Secretary.	Allowance may be reduced to Rs.100.
5.	Deputy Registrar, ..	May remain as duty allowance.
6.	Private Secretary ..	Reduction not possible.
7.	Personal Assistant to H.H. the Yuvaraja .	Reduction not possible.
8.	Personal Assistants to Members. ..	Reduction not possible.
	Assistant Secretaries (non-Civil Service)	No allowance to be given in the case of future incumbents.

Revenue Department.

3.	Amildars, Bangalore & Mysore.	Reduction not possible.

Forest Department.

1.	District Forest Officers, Tarikere & Bhadravai ..	Allowance to be continued.

Excise Department.

1.	Excise Commissioner, ...	Allowance may be abolished on a change of incumbent.

General Staff and Household of His Highness.

No reduction possible in view of the reduction of the number of officers on the staff.

University.

Vice-Chancellor — Not possible.

About all other recommendations in which orders have not been passed the Vice-Chancellor may be consulted.

Education Department.

2.	Special Officer ...	May be given Grade pay plus duty allowance of Rs.50/-

Medical Department.

12.	Medical Officer, Mysore Lancers..	To be continued.
13.	Palace Medical Officers ...	The present allowances may be consolidated and continued.

(Orders have been already passed on other recommendations).

Industries & Commerce Department.

Vide orders on Economic Conference.

Botanical Gardens.

Superintendent, Botanical Gardens...	May be continued to the present incumbent.

Public Works Department.

3. Sub Assistant Engineer, Krishnaraja Sagara Section, (in future Asst. Engineer) (Temporary)	Allowance to be reduced to Rs.50/-.
5. Executive Engineer, Bhadra Anicut	To be continued.
8. Executive Engineer, Palace	Question to be further examined.

Miscellaneous.

Chief Officer, Mysore ..	Land acquisition allowance to be continued.
Executive Engineer, City Improvement. ..	To be reduced to Rs.50/-

Electrical Department.

Assistant Engineers ..	Duty allowance to be reduced to Rs.50/-

Chief Electrical Engineer to be consulted about conveyance allowances.

Railway Department.

1 & 2. Assistant Agent and Assistant Traffic Manager	Allowance to be continued.
3 & 4. Executive Engineer and Assistant Engineer, Tramway Division.	Allowance to be continued.

Military Department.

Personal Assistant to Chief Commandant. ..	Allowance of Rs.100/- to be continued.
Accounts Assistant to Chief Commandant. ..	Allowance to be reduced to Rs.100/-

Extract from the Proceedings of the *Meeting of the Council of His Highness the Maharaja, held at Bangalore on the* *19*

Page 1 to 3
Cabinet Notes

These papers relate to the recommendations of the Special Finance Committee proposing a reduction in the emoluments under allowances drawn by salaried Officers of Government. The Committee consider that a number of Officers are in receipt of allowances classed as Duty allowances, Local allowances, etc and that retrenchments might be effected in these allowances, as there is no satisfactory justification for the grant of allowances in addition to the salary in many cases.

2. They make certain general recommendations to the effect that the pay of the Officer should be considered to have been fixed with reference to the general environments and conditions of his work and that no separate allowance should be attached to the salary fixed to his post.

(b) They suggest that Officers should not be permitted to draw two or more allowances.

(c) They also recommend that allowances to Officers in the Kolar Gold Fields area granted more than two decades ago on account of expensiveness of the locality should be withdrawn and that the allowances to the subordinate officials drawing salaries in excess of Rs. 50/- on the ground of expensiveness of locality may be abolished.

3. The system of granting allowances to Officers in addition to pay has undoubtedly been very largely abused in Mysore and this question was taken up for consideration by me when officiating as Dewan in July 1919. In accordance with the gracious approval of His Highness on the recommendations made by the Council, a Committee was appointed to go into the question and make definite recommendations. The Committee was instructed that except in the case of allowances granted on considerations of special local circumstances such as the Malnad and the Kolar Gold Fields, the local allowances might be abolished and pay revised in accordance with the arduousness of duty. But, in

their recommendations, the Committee went behind the general instructions of the Council resolution and justified the system of granting allowances elaborating it much further. It has now become necessary, therefore, to go into the whole question and the recommendations of the Special Finance Committee have been considered in great detail in Council.

4. The Council are agreeable to the general proposition that the grant of allowances must always be considered as exceptional and that no allowances should be given for appointments which have definite rates of pay attached to them. Allowances, they consider, should only be permitted in the case of Officers drawn from a general cadre and posted for special appointments involving more responsible and heavy work not usually imposed on -- Officers of that class as a rule.

(b) They also consider that several allowances to one and the same Officer should not be permitted, and that under special circumstances, a consolidated allowance may be allowed to them.

5. The recommendations of the Special Finance Committee in regard to the reduction of allowances drawn by the Officers in the Kolar Gold Fields area have already been submitted to His Highness and no further orders on the subject are required at present.

6. The recommendations made by the Committee in regard to the reduction of allowances to Officers in the Malnad have not been approved by Council on the ground that it is inadvisable to render service in Malnad unattractive.

7. The recommendations of the Special Finance Committee in other cases have been very carefully considered in Council in each individual case. The Council suggest that in the case of duty allowances of Rs. 150 per month drawn by the Revenue Secretary and the General Secretary to Government, the allowances may

Ans 7-22

be reduced to Rs. 100 per mensem. On a very careful consideration of the question over again and in view of the fact that a number of officers much junior in service to these Secretaries are given allowances of Rs. 100 per mensem, I am of opinion that it is inadvisable to reduce the amount of allowances drawn by -- them at present. These Officers have to maintain certain prestige and it does not appear expedient to reduce their emoluments especially because owing to the abolition of the Huzrai Secretary, additional work is thrown on these Secretaries.

8. As a result of the general recommendation of the Committee that the salary of [illegible] a post should be held to have been fixed with reference to the duties attached to it and that no allowances should be granted except to an Officer drawn from a general cadre and posted to special work, the allowance of Rs. 50 per month sanctioned to Assistant Secretaries promoted from the Superintendent's grade in the General and Revenue Secretariat and to Assistant Comptrollers drawn from the ministerial ranks of -- the Comptroller's Office has also to be withdrawn. As however the maximum pay of the first grade superintendents both in the Comptroller's Office and in the General and Revenue Secretariat is Rs. 250, it is necessary that the starting pay of the Assistant Secretaries promoted from the ministerial ranks should be something higher. This question will be separately considered and submitted for the gracious orders of His Highness.

The total reduction under Duty and Local allowances which will be effected as a result of the Council resolution is Rs. 41,960 as against Rs. 1,00,000 recommended by the Special Finance Committee. The proposals of the Committee were considered in detail by the Council and the resolution enclosed herewith was recorded.

10. A draft order embodying the resolutions of the Council

With

Aga 7--22.

with the slight modification proposed by me is submitted for the gracious approval of His Highness.

Subd The Statement accompanying the Dft. has been checked.

Orders are solicited on the following points before the Order is issued

1) The appendix to the Order contains many names in which cases no reductions or changes have been ordered It seems to be unnecessary to publish all these names, esp in view of the fact that in the case of some, it has been ordered that the question should be further considered after consulting the necessary Heads of Depts. concerned. In certain other cases, orders have already been passed, and it is unnecessary to publish these again. It would therefore suffice if the appendix gives only the names of such of those in whose cases any change or reduction in allces is ordered. If approved a Statement

But the fact that no reduction is to be made has to be stated clearly and this is I think, the object of including these cases in the list which may stand as it is.
Mode 2/11/22

General and Revenue Secretariat.

Ag. c File No. 7 of 1922.

Serial No.

on these lines will be prepared. Para 4 of the Dft will then require modification as noted in pencil.

2.) The last para of the Dft has to be deleted as no allce is at present being given to officials at Davangere.

3.) In view of the fact that the council has ordered that the questions relating to Municipal, Electrical Dept. & the Palace Engineer should be separately taken up for consideration, after consulting the officers concerned, a para has to be added into the Dft about this as follows

"The question of revising the allces of certain other officers is under consideration and separate orders will issue about them in due course"

As the reduction in allce sanctioned to certain officers is to take effect from the date of order, my early orders are solicited on the points mentioned above. The suggestions above may be approved. Thereafter the order will include many items on which no orders are communicated; these items separately disposed of may however remain as refers

The para does not refer to allowances drawn and but allowances sanctioned. The sanction itself has to be withdrawn. So far as it applies to officials drawing more than Rs 50 and stationed at Davangere. The para may stand as it is. 2-11-22

3. Vide remarks against para 1(c). If these items are allowed to stand the fact that they are to be reconsidered is to be noted and the list may stand as it is now

The order will take effect from date of its issue and no particular date need be specified now

furnished in the Remarks Column & separate orders issued in regard to those items.

Attention is invited to para 8 of the Submission now re DA to Asst Scrutinisers to Govt and Assistant Comptrollers promoted from the Supdts' grades in the Gen & Rev Sects of the Comptr's Office. The remarks contained in this para apply to both the Asst Scrutinisers & Asst Comptrs of this class, but in the appendix to the draft order it is stated in this remarked in the case of Asst Scrutinisers that the allce will be discontinued in the case of future non-Civil Service Asst Scrutinisers, while in the case of Asst Comptrs, there is no such qualification and the allce is, it is stated to be given only to Civil Service Asst Comptrs. Whether it is intended to have this differentiation between the two sets of Officers is a point for orders.

This refers to a separate point altogether, namely, the initial pay to be given to ~~Asst~~ Supdts promoted as Asst Scrutrs or Asst Comptrs. The Council resolution is clear that the Concession of Continuing the allce to present incumbents is limited only to the Sects. The draft order does not therefore require any change in this respect.

Bangalore Dated 30th August 1922.

From

Lt.Col.Sardar Bahadur L.Chandraj Urs.,

Chief Commandant, Mysore State Troops, Bangalore.

16150

To

K.Matthan,Esq.,B.A.,

Chief Secretary to the Govt.of His Highness the

Maharaja of Mysore,Bangalore.

GEN. & REV. SEC.
30 AUG 1922

Sir,

I have the honor to forward herewith for favour of consideration a memorandum submitted by my Accounts Assistant, Mr.K.R.Krishnaswamy Iyengar in regard to the allowances attached to his present appointment.

I have the honor to be,
Sir,
Your most obedient servant,

B. Chandrajurs.
Lt.Col.S.B.

Chief Commandant,

Mysore State Troops.

MEMO

In connection with the proposal made in the recent report of the Special Finance Committee to cut-down the allowance attached to the post of Accounts Assistant to the Chief Commandant from Rs.150 (Rs.50 plus Rs.100) to Rs.50, the following facts have to be taken into consideration.

2. The allowance of Rs.150 drawn by the present incumbent (i.e. the undersigned) is made up of

(a) Rs.50 being " Examination allowance" sanctioned to him personally for having passed the Lower and Higher Departmental Examinations(in Civil,Public Works and Railway accounts) prescribed for the Enrolled Officers of the Finance Department of the Government of India. (This allowance is not like the duty allowance of Rs.50 granted to Assistant Commissioners while they are employed in the Comptroller's office. In fact, the undersigned is a permanent officer of the Accounts Department itself,or,in the language of the Civil List,a" on-Civil-Service Assistant Comptroller," and as such, the above allowance of Rs.50 drawn by him form part of his pers emoluments)

(b) Rs.100 being the special allowance granted to any Assistant Comptroller who may be posted as Accounts Assistant to the Chief Commandant.

3. It will thus be seen that the extra emoluments attached to the post of Accounts Assistant to the Chief Commandant amount to Rs.100 only and not Rs.150 as may at first sight appear to be the case. How far this extra remuneration of Rs.100 is necessary --- owing to the Special nature of the duties, is the question to be considered,or,rather,reconsidered, as the question must have already received due consideration when the allowance was originally ----- sanctioned by Government three years ago. There can be no two --- opinions about the specially arduous nature of the work of the --- Accounts Assistant to the Chief Commandant as compared with that of an Assistant Comptroller; and even supposing for a moment that

that the present Financial condition does not permit of a value of more than Rs.50 being placed on this account, the remaining Rs.50 will have also to be retained as a substitute for conveyance allowance which cannot fairly be denied, owing to the necessity for frequent visits, on the part of the Accounts Assistant, to the various Regimental and other subordinate offices at Headquarters (some of them like the Lancers and Transport Corps being so far away from the City) for which no travelling allowance can be drawn under the rules to compensate for the out-of-pocket expenses that have to be incurred on conveyance hire.

3. It will be seen from the above considerations that any reduction of the special allowance of Rs.100 attached to the post will be a great hardship on any Assistant Comptroller who may be appointed thereto, as it cannot but be considered as a sort of punishment for possessing any special qualifications which may have led to his being selected for the post.

4. There is however a simpler and more logical alternative to adopt, viz., to fix the (consolidated) pay of the post itself as a " tenure appointment", as has been done in the case of the Accountant, Iron Works, for which the pay has been fixed at Rs.500, although the present incumbent, viz., Mr.A.Venkatanarayanappa is an Assistant Commissioner of the Fourth Class on Rs.500. Such a course will also avoid any theoretical objections being raised against the grant of "Double" and "Treble" allowances, even though these might have been sanctioned, as a practical measure and on considerations of administrative expediency, to make up for the inadequacy of "Pay" as defined in Service Regulations.

5. In this connection, it may be noted that in the case of a similar allowance of Rs.100 attached to the post of Superintendent, Central Jail, Bangalore, the Special Finance Committee have not proposed its reduction to the standard of Rs.50, but have recommended the retention of the entire allowance of Rs.100 on the ground "Responsible charge, grade pay of Assistant Commissioner not adequate". It was presumably for a similar reason that the present Special allowance of Rs.100 was sanctioned for the Accounts Assistant to the Chief

Commissioner

Asa 7-22

Chief Co[illegible]nt. The Committee have also expressed the opinion that," If, owin to any exceptional reason, such as difficulty of -- transfer of Officers etc., there is undue hardship caused in any -- individual case, the present rate of allowance may be continued till change of incumbency.

(Accounts Assistant to the Chief Commissioner)

24. 8. 1922

S.O.9.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read:-

G.O. No. Fl. 6733-72/5 & A 166-19-1 dated 24th March 1930 regulating the grant of Duty, Local and Malndd Allowances.

2. Resolution No. 35 of the Special Finance Committee proposing a revision of the duty, local and other allowances.

Order No. H 2008-57 / S&A 7-22-9

30 November ~~October~~ 1932.

In their recommendations regarding the reduction of allowances to salaried officers of Government, the Special Finance Committee make certain general recommendations which may be summarised as follows:-

(i) They observe that the pay or salary of an Officer should be held generally to have been fixed on a consideration of the general environments and ~~conditions~~ conditions of work in of his Office and that no separate allowances should be attached for pefforming the duties of the same.

(ii) that the grant of several duty and local allowances to one and the same officer should not be permitted

(iii) that the allowances granted to Officers at the Kolar Gold Fields should be withdrawn.

(iv) that the special local allowances sanc-

sanctioned to Officials drawing a pay exceeding Rs. 50 per mensem in the Kolar Gold Fields area including Bowringpet as well as Davangere on the ground of expensiveness of locality may be withdrawn.

(v) that any orders that Government might issue in the reduction of allowances on the recommendations of the Committee need not be held to exempt the Officers now drawing such allowances.

2. The Committee have also considered the allowances now drawn by Officers of Government in all Departments and have submitted their recommendations in regard to retrenchment which may be effected with a view to restrict expenditure on service departments.

3. Government have carefully considered the recommendations of the Committee and are pleased to pass the following orders:-

(i) Government accept the recommendations of the Committee that no allowance should be given to appointments which have definite rates of pay attached to them. Allowances will only be sanctioned in the case of officers drawn from a general cadre and posted for special appointments involving more responsible and heavy work not generally imposed on officers of that class.

(ii) Government also approve the recommendation of the Committee that the grant of several duty and local allowances to one and the same Officer should not be permitted. In the case, however, of officers whose total allowance has been fixed with reference to the general condi-

conditionsof their work and classified under two or more heads, Government direct that the total allowances may be consolidated and classed unde either duty allowance or local allowance according to the main consideration in fixing the allowance. The allowances to some of the Officers coming under this category are shown as consolidated in the appendix to this order. Instances of other officers who are in receipt of two or more allowances will be brought to the notice of Government for separate orders.

(iii)Government have already passed orders in regard to the recommendations of the Committee on the reduction of allowances sanctioned to -- officers and officials working in the Kolar Gold Fields area.

4. With reference to the detailed recommendations of the Committee suggesting modifications in the allowances drawn at present by Officers of Government, orders of Government are indicated in Appendix A giving particulars of the ~~recommendations of the Committee and the allowances~~ sanctioned by Government. The reductions ~~in the allowances drawn at present~~ will take effect from the date of this order except in regard to cases specially mentioned in the appendix.

5. Government accept the recommendations of the Committee that allowances sanctioned in G.O. No.Fl.6723-72/S.A.160-19-dated 24th March 1920 to officials drawing a pay exceeding Rs. 50 in the Davanagere Town on account of ~~expensive~~ness of locality may be withdrawn.

Proceedings of the Government of His Highness
the Maharaja of Mysore.

R E A D:-

Government Order No. Fl. 6723-72/ S & A 160-19-1 dated 24th March 1920 regulating the grant of Duty, Local and - Malnad Allowances.

2. Resolution No. 35 of the Special Finance Committee proposing a revision of the Duty, Local and other allowances.

O R D E R NO.

Dated Bangalore November 1922.

In their recommendations regarding the reduction of - allowances to salaried officers of Government, the Special Finance Committee make certain general recommendations which may be summarised as follows:-

(i) They observe that the pay or salary of an Officer should be held generally to have been fixed on a consideration of the general environments and conditions of work in his Office and that no separate allowances should be attached for performing the duties of the same

(ii) That the grant of several duty and local allowances to one and the same Officer should not be permitted

(iii) That the allowances granted to Officers at the Kolar Gold Fields should be withdrawn.

(iv) That the special local allowances sanctioned to Officials drawing a pay exceeding Rs. 50 per mensem in the Kolar Gold Fields area including Bowringpet as well as Davangere on the ground of expensiveness of locality may be withdrawn.

(v) That any orders that Government might issue in the reduction of allowances on the recommendations of the Committee

need not be held to exempt the Officers now drawing such allowances.

2 The Committee have also considered the allowances now drawn by Officers of Government in all Departments and have submitted their recommendations in regard to retrenchment which may be effected with a view to restrict expenditure on service departments.

3 Government have carefully considered the recommendations of the Committee and are pleased to pass the following orders:-

(i) Government accept the recommendations of the Committee that no allowance should be given to appointments which have definite rates of pay attached to them. Allowances will only be sanctioned in the case of officers drawn from a general cadre and posted for special appointments involving more responsible and heavy work not generally imposed on officers of that class.

(ii) Government also approve the recommendation of the Committee that the grant of several duty and local allowances to one and the same Officer should not be permitted. In the case, however, of officers whose total allowance has been fixed with reference to the general conditions of their work and classified under two or more heads, Government direct that the total allowances may be consolidated and classed under either duty allowance or local allowance according to the main consideration in fixing the allowance. The allowances to some of the Officers coming under this category are shown as consolidated in the appendix to this order. Instances of other Officers who are in receipt of two or more allowances will be brought to the notice of Government for separate orders.

(iii) Government have already passed orders in regard to the recommendations of the Committee on the reduction of

allowances sanctioned to officers and officials working in the Kolar Gold Fields area.

4. With reference to the detailed recommendations of the Committee suggesting modifications in the allowances drawn at present by Officers of Government, orders of Government are indicated in Appendix A giving particulars of the recommendations of the Committee and the allowances sanctioned by Government. The reductions in the allowances drawn at present will take effect from the date of this order except in regard to cases specially mentioned in the appendix.

5. Government accept the recommendations of the Committee that allowances sanctioned in Government Order No.Fl. 6723-72/ S & A 160-19-1 dated 24th March 1920 to officials drawing a pay exceeding Rs. 50 in the Davanagere Town on account of expensiveness of locality may be withdrawn.
